# Exclusive: Spectre-NG - Multiple new Intel CPU flaws revealed, several serious

TRENDS & NEWS | OCTOBER 2017

by Jürgen Schmidt    01.10.2018

of Intel Core i, Xeon and Spectre, Pentium, Itanium, Atom, Celeron, Pentium

New flaws and even more patches - "Spectre Next Generation" is just around the corner. According to information exclusively available to t'n, researchers have already found eight new security holes in Intel processors.
