

works by manipulating the *branch prediction* of the CPU

Spectre works like this:

1. force victim to leak secret
2. stash away secret
3. retrieve secret

SPECTRE

3

5

and

basically work like in MeltDown

SPECTRE

Spectre works like this:

- force victim to leak secret
- stash away secret
- retrieve secret
- and basically work like in Meltdown
- works by manipulating the *branch prediction* of the CPU

SPECTRE: BRANCH PREDICTION
