

CONCLUSION

MELTDOWN AND  
SPECTRE

# THREAT-0-METER

### LOW RISK

Exploit unlikely or  
running  
untrusted code already  
worst case

### MEDIUM RISK

Exploit possible but  
needs another  
successful attack to run  
attackers code

### HIGH RISK

Exploit possible and  
runs untrusted code "by  
design"

MELTDOWN AND  
SPECTRE
