

MELTDOWN

For Meltdown two actors are needed

The a **spy** and a **collector**.

110011010 The **spy** will “steal” the secret and stash it away.
010111010
111100100
000101101 The CPU will kill him for accessing the secret
100110010 information.
