

# MELTDOWN

For Meltdown two actors are needed

The a **spy** and a **collector**.

110011010 The **spy** will “steal” the secret and stash it away.  
010111010  
111100100  
000101101 The CPU will kill him for accessing the secret  
100110010 information.
